WELCOME TO BIONETIX RATES DIRECTORY REV 2

The rates listed in this database have been thoughtfully compiled for experimental purposes. We encourage you to use them responsibly and consider them in the context of your own judgment. These rates are perfectly aligned with all our remedy maker models.

You'll find that some remedies are duplicated in different sections with varying rates; this is by design, as it reflects different validations from various sources. We suggest that you choose the rate that best aligns with your specific needs. For instance, if a remedy appears in the flower essence section in two categories, please select the option that most effectively serves your purposes.

EMBRACE THE POSSIBILITIES AS YOU VENTURE FORWARD!
